

FAVOR INTERNATIONAL QUARTER 2 IMPACT REPORT

KARAMOJA - In the most Eastern part of northern Uganda is the region of Karamoja. In biblical days it was said, "What good can come out of Nazareth?". The same is said by Ugandans of this region. Cattle keepers, nomadic people, polytheism, witchcraft, starvation, poverty, and so much more is part of the landscape of this area.

PRAISE GOD - Favor has established a House of Prayer in that very location. Many elders have accepted Christ and are so hungry for the Word of God. One elder said, "our gods have only brought us suffering and now we know the true God". Witchcraft paraphernalia is burned and people are surrendering to Christ on a daily basis. The entire region will no longer be outcast but will become sons and daughters of the Father.

GOD'S INSTITUTE FOR TRANSFORMATION
Mercenaries into Missionaries & Prostitutes into Preachers
What joy to receive another 48 boys and 51 girls, rescued from the streets, and now being transformed by the power of Jesus and His Word. They are hidden treasures being 'brought out' by the Master's doing to be 'brought into' His plan and purposes for their lives.

HOUSES OF PRAYER ESTABLISHED IN AREAS DESPERATE FOR JESUS

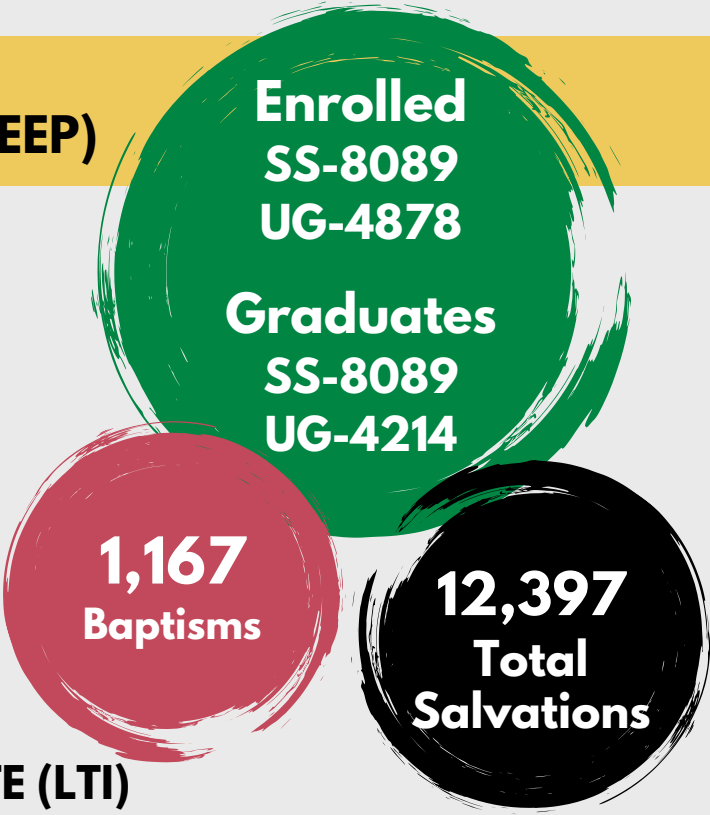

RUMBEEK is located at the center of the Nation of South Sudan. Rumbek is also known as highest demonic strongholds, spear masters, and witchdoctors are more respected and consulted even on National decisions.

Cattle raiding, revenge killing, and tribal fighting reached their highest level beyond government control. There was a saying by people that, "If you want to die, go to Rumbek".

PRAISE GOD - Favor has established a House of Prayer in that very location - people are being saved, witch doctors delivered, many healed, and the power of the blood of Jesus is cleansing the Land. Now we say, "If you want to live go to Rumbek".

LETTER FROM OUR DIRECTOR

It is hard to capture in words all that God has done in this 2nd quarter of 2022. **'Eye has not seen, nor ear heard the things which God has prepared for those that love Him.'** We only see in part and my hearts desire is that you could also catch a glimpse of what our great God has done and continues to do! All of these miracles, development, and advancement are only accomplished because of you, our precious partners making it possible. Your faithfulness in giving and our faithfulness in serving enables the FAITHFUL GOD to subdue the enemies and change the face of nations for eternity.

We have headed further north than ever before and this quarter our missionaries have been in Darfur, Chad, Central African Republic, Ethiopia, Sudan, Kenya, and Congo, along with South Sudan and Uganda. Nations bound by darkness will see a great light as we put more and more Portable Bible Schools in these Muslim dominated nations. Muslims are turning to Jesus in great numbers and even Imams are recognizing that what they have stood for is not the 'truth'.

Trauma Counseling has captured the attention of the highest levels of government and the army in South Sudan. Houses of Prayer are being established in the darkest places of both South Sudan and Uganda, and we are training trainers in Uganda and now also in South Sudan.

Thanks to Jesus, we are seeing an army raised up that will march through the land with deliverance and healing in their hands. Thank you so very much for loving people enough, for loving Favor enough, for loving the bride of Christ enough, for loving Jesus enough - to **GIVE!**

— Carole
