

IMPACT REPORT - FIRST QUARTER, 2023

Favor International

Students from our primary school gathering for prayer together.

Students lined up getting ready for school.

JUBA PRIMARY SCHOOL

FAVOR PRIMARY SCHOOL in South Sudan opened for the first time in February of this year.

What a joy to see precious children come from across the city to receive quality education and also to be immersed in God's Word and learn about His plan and purposes for their lives.

Little did we know that within a few weeks we would see 325 students join from as young as nursery level all the way to Grade 7. Our hearts fill with joy as many have given their lives to Jesus and how they love to praise and worship Him.

South Sudan is known for sub standard education but in Favor Primary they are receiving excellent education in a Biblical context. We give God thanks for this opportunity to impact a generation!

FAVOR SECONDARY - GULU

Our Favor Secondary School opened to the public for the first time in February of this year. We have welcomed 135 registered students and if we had the space, it could have easily been 500 - the response was overwhelming. With many different social agendas, parents are crying for Christian education and as God provides, we will be able to meet the desperate need.

Many students have already given their lives to Jesus and we are seeing them grow in the Lord and receive quality education. Thank you for helping us reach the youth for Jesus!
