

Quarter 3 IMPACT REPORT

WOMEN EMPOWERMENT

The WOMEN'S EMPOWERMENT PROJECT achieved a milestone in Ayunda village delivering 100 pigs to 50 women! The women were given a male and female each and proper guidelines on how to multiply. The women have been trained over the past year and are now excited to receive their project.

The women have plans to multiply their pigs and reach out to another village where they will disciple 50 women and eventually give from their increase to that group!

This is **MULTIPLICATION** and sharing God's blessings in accordance to "freely you have received, freely give"!

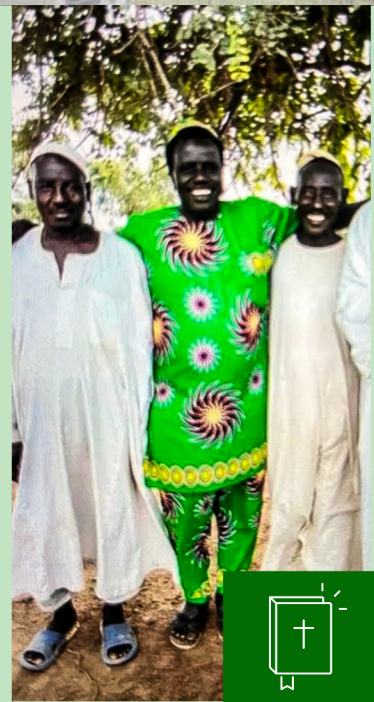

As a result of Women's Empowerment projects, the economic improvements have a profound affect on the children. Education is now a possibility, starvation is reduced, and homes become stabilized - all of these help eradicate the evils of child trafficking and gender based violence.

MUSLIMS ARE COMING TO JESUS!

Salvations are occurring amongst the refugees who have fled the war in Sudan, in north western Uganda, in Chad, and in many Muslim dominated regions. Their eagerness to discover the true Messiah through His Word has ignited a fresh passion to intensify our focus towards Muslim-majority nations. As it is written in Matthew 28:19-20, 'Go therefore and make disciples of all nations', we are compelled to share the message of hope and faith with even greater determination in these regions.

New believers in Jesus from Muslim backgrounds are NOW eagerly studying God's Word so they can go back to their Muslim communities as missionaries for Jesus!
