

FAVOR INTERNATIONAL IMPACT REPORT Q3

MISSIONARY MOVEMENT

TURNING MISSION FIELDS INTO MISSION FORCES

Dedicated, sold out men from 8 nations came to our first ever **Train Our Trainers** - They have counted the cost and are willing to **lay down their lives** for the sake of the Gospel, for the sake of the Harvest, for the bride of Jesus who doesn't yet know she's the bride, to bring Light into very dark places, to see the tide of Islam turned into a tide of blood bought born again soldiers in the army of God.

This missionary movement has gained momentum and is already doing exponential things for the Kingdom of God. They have received their training and are now deployed in Uganda, South Sudan, Sudan, Congo, Kenya, Chad, Central African Republic, Ethiopia. As they went, they put their hand to the plough, not to look back. It's all or nothing - it's the nations mentioned but what about Egypt, Libya, Somalia, Eritrea, Niger and more?

These Arabic speaking Sudanese missionaries have the call of the cross in their hearts and have counted the cost. Their cry is **'Why wouldn't we give up what's temporal (fleshly) to gain what's eternal (heaven's reward)'**!

The training was everything from photography and reporting to Bible School on Wheels, Jesus film, Muslim evangelism, orality, literacy, prayer and intercession, and biblical truths. The impact of impartation and vision will be seen in the days, weeks and even years ahead.

The times of fasting and prayer, praise and worship, water baptism and spirit empowerment will be etched in our hearts as we pray for our zealous missionaries now out in the fields. Many testimonies were "I'll never be the same again and thank you so much!" **WE will never be the same - heaven touched earth those days and the glory of God was tangible. We give Him thanks because He does all things well!**

...ON THE STREETS

A fresh passion for **soul winning** has gripped the hearts of our teams in the cities of Juba, South Sudan and Gulu, Uganda. Everyday through mini crusades, street evangelism, door to door, at the medical clinic, in the schools and prisons, our teams are winning people to Jesus.

Our entire staff are going out to the street in an intentional way every week and the results are phenomenal. Our vision of **'each one reach one everyday'** has been reignited in their hearts and soul winning has become a **'lifestyle'**.

We are seeing entire families become born again, witch doctors turn to Jesus, youth and children. Even people who are mad and wondering the streets, upon salvation, come into their right minds. **Jesus is the Answer and He is setting captives free.**

VILLAGE LEARNING CENTERS

In many rural villages, schools are non-existent and the closest school is too far for small children to walk. We are helping start up village learning centers in many of these areas. Some children meet in existing church structures and some under mango trees but the children are so excited to learn and we offer Kindergarten through Grade 5 with a Christian curriculum that is government endorsed called 'Roots to Fruits' specifically written for African children.

One such village, in South Sudan, this past quarter, had many supplies donated and even some desks by a visitor! The excitement in the children overflowed into their families and the gratitude expressed was beyond words.

Training these precious precious children to memorize the Word of God and the principles of the Kingdom will be embedded in their hearts forever. Entire communities become open to the Gospel and are transformed through these Village Learning Centers. Training a generation of missionaries!
